ASSESSMENT RESPONSE:

There was 1 strike (RTF Strike # (b)(1)1.4a) in the vicinity of Raqqa on 12 March 2016. The strike targeted Objective (b)(1)1.4a traveling in a dynamic vehicle in the outskirts of Raqqa (approximately 3 miles east of center Raqqa). The strike was taken in favorable conditions when no civilians were in the vicinity. Post-strike imagery from ISR FMV showed no collateral damage from the strike. Based on review of imagery from ISR FMV and the strike description mismatch with that of the alleged CIVCAS, Task Force 94-7

has determined that this reported CIVCAS allegation is not credible.
